Objective: Dedicated and highly skilled registered nurse with over 5 years of experience in providing exceptional patient care in various healthcare settings. Seeking a challenging position in a reputable hospital to utilize my clinical skills, leadership abilities, and dedication to improving patient outcomes.

Professional Experience:

Registered Nurse – Medical-Surgical Unit

Northwestern Memorial Hospital, Chicago, IL

June 2019 – Present

- Provide comprehensive nursing care to a diverse patient population with acute and chronic medical conditions.
- Administer medications, perform wound care, and manage IV lines according to established protocols.
- Conduct thorough patient assessments, develop individualized care plans, and collaborate with interdisciplinary teams to ensure optimal patient outcomes.
- Educate patients and families on disease processes, treatment options, and post-discharge care.
- Precept new nurses and nursing students, providing guidance and support to foster their professional development.

-
- Implement quality improvement initiatives, resulting in improved patient satisfaction scores.

Registered Nurse – Emergency Department

St. Joseph Hospital, Chicago, IL

January 2016 – May 2019

- Delivered high-quality emergency care to patients with a wide range of medical and traumatic conditions.
- Triage patients, perform rapid assessments, and initiate life-saving interventions in critical situations.
- Collaborated with physicians, paramedics, and other healthcare professionals to stabilize patients and ensure seamless transitions of care.
- Assisted in minor surgical procedures, administered medications, and provided wound care.
- Maintained accurate and detailed patient records, ensuring compliance with regulatory standards.
- Actively participated in disaster preparedness drills and mass casualty incident training.

Staff Nurse – Pediatric Unit

Children's Hospital of Chicago, Chicago, IL

June 2014 – December 2015

- Provided compassionate and family-centered care to pediatric patients with acute and chronic illnesses.
- Administered medications, monitored vital signs, and performed physical assessments.
- Educated parents and caregivers on child care, medication administration, and disease management.
- Collaborated with multidisciplinary teams to develop and implement individualized care plans.

-
- Supported the emotional and psychosocial needs of patients and families during hospitalization.

Education:**Bachelor of Science in Nursing (BSN)**

University of Illinois at Chicago, Chicago, IL

Graduation Date: May 2014

Certifications:

- Registered Nurse (RN) License – State of Illinois, 2014 – Present
